Cambridge English Language Assessment is part of the University of Cambridge. We develop and produce the most valuable range of qualifications for learners and teachers of English in the world. Over 4 million people take Cambridge English exams each year in 130 countries. More than 13,500 universities, employers, government ministries and other organisations accept our certificates.

Cambridge English Language Assessment – a not-for-profit organisation.

Cambridge English Young Learners

Brief guide for schools

Giving children a head start in English

Cambridge Young Learners English (YLE)

An excellent foundation in learning English

Cambridge English: Young Learners is a series of **motivating, activity-based language tests**, specially designed for children at primary and lower-secondary school.

Schools all over the world use these tests to motivate their students to learn English and show parents the progress their children are making.

Real everyday English

Realistic everyday situations bring learning to life. The tests cover familiar, interesting topics and are designed to develop **the skills your students need to communicate** in English.

A Cambridge English certificate for everyone

Every student who takes a test gets a Cambridge English certificate – it's a great way to reward achievement.

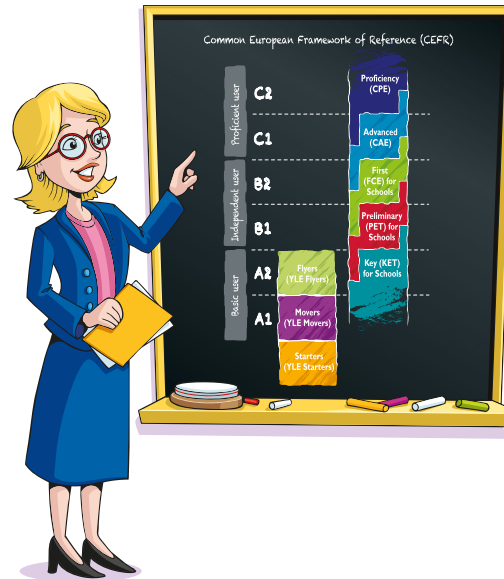

What level are the tests?

There are three tests – Starters, Movers and Flyers. This gives your students a **clear path to improve in English**.

The tests offer natural progression towards other Cambridge English for Schools exams, so your students can continue to build up confidence in English step by step.

The tests are aligned with the Common European Framework of Reference for Languages (CEFR) – the international standard for describing language ability.

“Preparing students for Cambridge English exams at an early age, with step-by-step progress and in a safe classroom environment, will empower them to succeed in all levels in the future. They soon realise they are able to do it and look forward to preparing for the next exam.”

Luciane Calcara, Colégio Farroupilha, Brazil

What's in the tests?

The tests cover all four language skills (reading, writing, listening and speaking) and include fun activities to motivate students to do well.

The tests are designed to be fair to students of all nationalities and linguistic backgrounds and are supported by a dedicated research programme.

The tests are quick to take and available on demand.
